

## PROFILE

As an innovative professional with a background in Emergency Medicine/General Practice, I leverage technology to enhance user experiences, streamline workflows, and develop educational tools across various sectors. I am a recently qualified Salesforce Administrator and proficient in front-end web development and design. My expertise extends beyond healthcare, allowing me to excel in various business environments that require efficient customer relationship management solutions. I am always seeking opportunities to collaborate and make a positive impact on business outcomes, regardless of the industry.
